Subject: RE: new rac work assignments

Hi. Keith. Let me know if you need anything else or have questions. Thanks

- Site Name with any alias';
New Cassel/Hicksville Groundwater Contamination Superfund Site
- Site Location - City, County, State;
The Site comprises an area of widespread groundwater contamination within the Towns of Hempstead, North Hempstead, and Oyster Bay, Nassau County, New York.
- A list of the known PRPs, any PRPs pending litigation is also requested;
IMC Eastern Corporation
Atlas Graphics, Inc.
Arkwin Industries
Barouh Eaton Allen Corp
2632 Realty Development Corp
Island Transportation Corp
Tishcon
Sylvester Street Holdings LLC
Former LAKA Industries, Inc.
Grand Machinery Exchange, Inc.
Utility Manufacturing
Wonder King
Autoline Automotive Corp.
Filko/Cobra, Inc.
Next Millenium Realty LLC
Former Applied Fluidies
Adchem Corp
Sylvania/Corning – GTE Operations
Verizon
Vishay GSI, Inc
General Instruments
U.S. Department of Energy
123 Post Avenue
Alsy Manufacturing
Emess Manufacturing, Inc
Magnusonics Devices, Inc.
Sulzer Metco US Inc.
Air Techniques, Inc
Depew Manufacturing
Former Bowe Systems and Machinery
- The type of work to be performed, brief statement – up to a paragraph (could be more I you think the contract needs the info) - this will be sent with the Conflict of Interest (COI) request.
Oversight of PRP lead remedial investigation/feasibility study (RI/FS) for operable unit 2 (OU2) at the Site. The Site currently is estimated to include approximately 6.5 square miles, characterized by contaminated groundwater that has impacted several public supply wells, including four Town of Hempstead wells (Bowling Green 1 and 2, Roosevelt Field 10 and Levittown 2A), six Hamlet of Hicksville wells (4-2, 5-2, 5-3, 8-1, 8-3 and 9-3), and one Village of Westbury well (11). OU2 addresses groundwater contamination impacting Hicksville wells 5-2 and 5-3. This part of the groundwater RI/FS is currently being conducted by the U.S. Army Corps of Engineers as part of the investigation of the former Sylvania Site.

Subject: RE: new rac work assignments

Is there any funding available for these projects? At least, the New Cassel is PRP lead which might have enforcement funds?

Thanks.

I need the following information in order to initiate the COI request:

- Site Name with any alias';
- Site Location - City, County, State;
- A list of the known PRPs, any PRPs pending litigation is also requested; and
- The type of work to be performed, brief statement – up to a paragraph (could be more I you think the contract needs the info) - this will be sent with the Conflict of Interest (COI) request.

Subject: new rac work assignments

Hi Keith;

We would like to initiate two new work assignments with HDR. Please let me know if you have any questions or want to discuss thanks.

1. New Cassel – OU2 (Sylvania) – oversight of PRP RI/FS. Jennifer LaPoma is the RPM.
2. Peninsula Blvd. – OU2 (source) – fund lead RI/FS (note. ERT is collecting the data and the rac contractor would perform the risk assessment and FS). Gloria Sosa is the RPM.
